

**SANDMASTER**

**PRODUCT GUIDE FOR THE ABRASIVE INDUSTRY**

**SANDMASTER**

# The world's leading manufacturer and supplier of foam based abrasive products

Sandmaster, based in the UK, are the world's leading independent manufacturer of foam based abrasives. Sandmaster operates from a production facility of 250,000 square ft. based in Hixon, Staffordshire.

## **Commitment/Customer Service**

Clients have a key contact within the business responsible for smooth processing of orders to the point of timely delivery.

## **Quality Assurance**

Quality control is paramount at every stage of the process from raw materials to each finished product inspected prior to leaving site. Our mineral conforms to FEPA standards.

## **Environmentally Responsible**

Sandmaster actively make sure any waste materials used in production are recycled.

## **Global Reach**

A trusted supply network that can be relied on to deliver products effectively and efficiently to any location in the world.

**SANDMASTER**

# Customer Service & Support

## Customer Service Excellence

Every customer has a key contact within our business, whose job it is to put the customer's requirements first. Sandmaster forms partnerships with customers who are willing to engage with us to develop innovative product solutions.

## Loyalty & Customer Retention

Sandmaster is proud of its stable and loyal team, many of whom have worked for the business for many years. This is reflected in a very high level of customer loyalty and retention which Sandmaster enjoys.

## Innovation

Over the past 40 years Sandmaster has developed its Stafford innovation and manufacturing facility to a position today where it leads the world's foam abrasive sector. It has achieved this through a combination of technical investment, reliability, consistency and quality.

## Working In Partnership

Sandmaster has reputable experience in working with companies to create solutions and innovative new products. Engaging with customers and exploring these options are what we take pride in most.

# Sanding Blocks

Ideal for dry wall plastering, wood, metal, plastic, paintwork.

- Suitable for dry wall plastering, wood, metal, plastic and paintwork
- Flexible, easy to hold and manoeuvre
- Outperform traditional sandpaper
- Easy to work on 'hard to reach' areas
- Available in a range of ergonomic shapes and sizes

## Sanding Blocks

Medium density foam coated on four sides with abrasive mineral.

### Standard Sizes

Dimensions	Foam Colour	Box Quantity	Boxes Per Pallet
90mm x 68mm x 25mm	Various	250	30
100mm x 68mm x 25mm	Various	250	30
115mm x 68mm x 25mm	Various	250	30
125mm x 68mm x 25mm	Various	250	30

### Single Angle

Dimensions	Foam Colour	Box Quantity	Boxes Per Pallet
115mm x 90mm x 68mm x 25mm	Various	250	30
125mm x 90mm x 68mm x 25mm	Various	250	30

### Double Angle

Dimensions	Foam Colour	Box Quantity	Boxes Per Pallet
115mm x 75mm x 25mm	Various	250	30
125mm x 75mm x 25mm	Various	250	30

### Abrasive Grit

Aluminium Oxide and Silicon Carbide available in different grade sizes and colours:

Grade	Grade
<b>ALUMINIUM OXIDE</b>	<b>SILICON CARBIDE</b>
P36	F60
P46	F100
P60 (Medium)	F120
P80	F150
P100	F180
P120 (Fine)	F220
P150	P240
P180	P280
P220 (Superfine)	
P280	

**SANDMASTER**

# Single Sided Sanding Pads

Ideal for metalwork finishing.

- Sandmaster's unique formula foam
- Also available in open and closed cell foams
- Broad range of mineral grades
- Moulds easily to surface contours
- Outperforms sandpaper
- Crease resistant, non-cracking
- Use wet and dry
- Available in various thicknesses

## Single Sided Sanding Pads

Low to Medium density foam coated on one or two sides with abrasive mineral.

### Standard Sizes

Dimensions	Foam Colour	Box Quantity	Boxes Per Pallet
140mm x 115mm x 5mm	Various	250	30

**Other sizes, colours and pack sizes available on request.  
Dimensions stated are approximate and allow for manufacturing tolerances. Refer to 'Supporting Your Brand' page for more information.**

### Abrasive Grit

Aluminium Oxide and Silicon Carbide available in different grade sizes and colours:

Grade	Grade
<b>ALUMINIUM OXIDE</b>	<b>SILICON CARBIDE</b>
P60 (Medium)	F46
P80	F60
P100	F80
P120 (Fine)	F100
P150	F120
P180	F150
P220 (Superfine)	F180
P280	F220
P320	F240
P400 (Ultrafine)	F280
P600 (Microfine)	F320
	F400

**SANDMASTER**

# Two Sided Hi-Flex Sanding Pads

Ideal for woodworking and home improvement.

- Two sided, lightweight, flexible pads
- Ideal for DIY projects and woodworking
- Moulds easily to surface contours
- Outperforms sandpaper
- Crease resistant, non-cracking
- Rinse and reuse

## Two Sided Hi-Flex Sanding Pads

Medium density foam coated on two sides with abrasive mineral.

Dimensions	Foam Colour	Box Quantity	Boxes Per Pallet
123mm x 98mm x 12.5mm	Various	250	30

### Abrasive Grit

Aluminium Oxide and Silicon Carbide available in different grade sizes and colours:

Grade	Grade
<b>ALUMINIUM OXIDE</b>	<b>SILICON CARBIDE</b>
P36	F36
P46	F46
P60 (Medium)	F54
P80	F60
P100	F80
P120 (Fine)	F100
P150	F120
P180	F150
P220 (Superfine)	F180
P280	F220
P320	P240
P400 (Ultrafine)	P280
	P320
	P400
